Financial Sales & Client Service

Financial Sales Specialist at Neo, guiding customers through financial products and digital applications. RBC Ignite Scholarship recipient and creator of two free Canadian finance study platforms, combining practical customer service experience with a commitment to making financial information easier to understand.

CORE STRENGTHS

Client service & communication	Consultative sales	Excel & Power BI
Digital onboarding	Payment accuracy	Privacy & compliance awareness

RELEVANT EXPERIENCE

Financial Sales Specialist — Neo Financial — Jul 2026–Present

- Explain credit-card and everyday-account features and eligibility in clear, practical terms.
- Guide digital applications and report product selections and activation status to the team.
- Protect personal information and follow privacy, security and responsible-service procedures.

Team Member & Baker — Tim Hortons — Jul 2026–Present

- Process cash/card payments and refunds, following approval procedures. Recognized by an operations manager for courteous service, teamwork and taking on extra tasks.

Teaching Assistant — International Languages PDSB — Oct 2025–May 2026

- Supported about 20 students in Saturday Urdu classes, managing routines and explaining lessons.

Youth Camp Leader — Christ for Life Ministries — Jul 2025–Sep 2025

- Led group activities and coordinated equipment, transitions and participant safety.

Youth Soccer Coach — SportStars Youth Soccer Club — Jun 2024–Jun 2025

- Led youth sports sessions, tracked attendance and helped families book additional sessions.

PROJECTS AND INITIATIVE

CIRE & IFC Study Resources — investmentregulation.ca — 2026

- Built InvestmentRegulation.ca and IFCprep.ca, free resources with lessons, flashcards and practice questions to make Canadian finance exam material easier to understand.

Future Mississauga 3D City Atlas — futuremississauga.com — 2026

- Built a public 3D atlas with interactive development and transit models and linked sources.
- Researched planning records and explained project status and model limits in plain language.
